SRE Teachers Report

September/October 2025

SRE this year has started well and both year 7 and 8 have been going well. We are continuing to use the Think Faith curriculum developed by Youthworks.

Year 7 finished of term 3 looking at Genesis and our worldview, the way we view the world. We have begun term 4 looking at the book of Acts and Paul's journeys that he took and the journeys we take in life they shape us. We will be looking at how Paul's understanding of the gospel and his belief in lead him to place his trust in the importance of what he was sharing and be willing to take risks to share that everywhere he went.

Year 8 finished looking at the account of Jonah. We have begun to look at Peter in the book of Acts and how sometimes the least likely person when they encounter God can become a world changer and lead people to a greater life in Christ.

Prayer requests

- * Pray for continued open doors in our High School and other schools
- * Pray for the staff of the high school and the department of education.
- * Pray for continued discussion around things of faith in the playground.

Thank you for your support, without it this important ministry would not be able to happen.
